

Electromagnetic Field 2026 Deliveries & Safety

Electromagnetic Field 2026

Eastnor Castle Deer Park

Access from A438

Eastnor nr. Ledbury, **HR8 1RQ**

[///spins.rural.expand](http://spins.rural.expand) | [Google Maps](#)

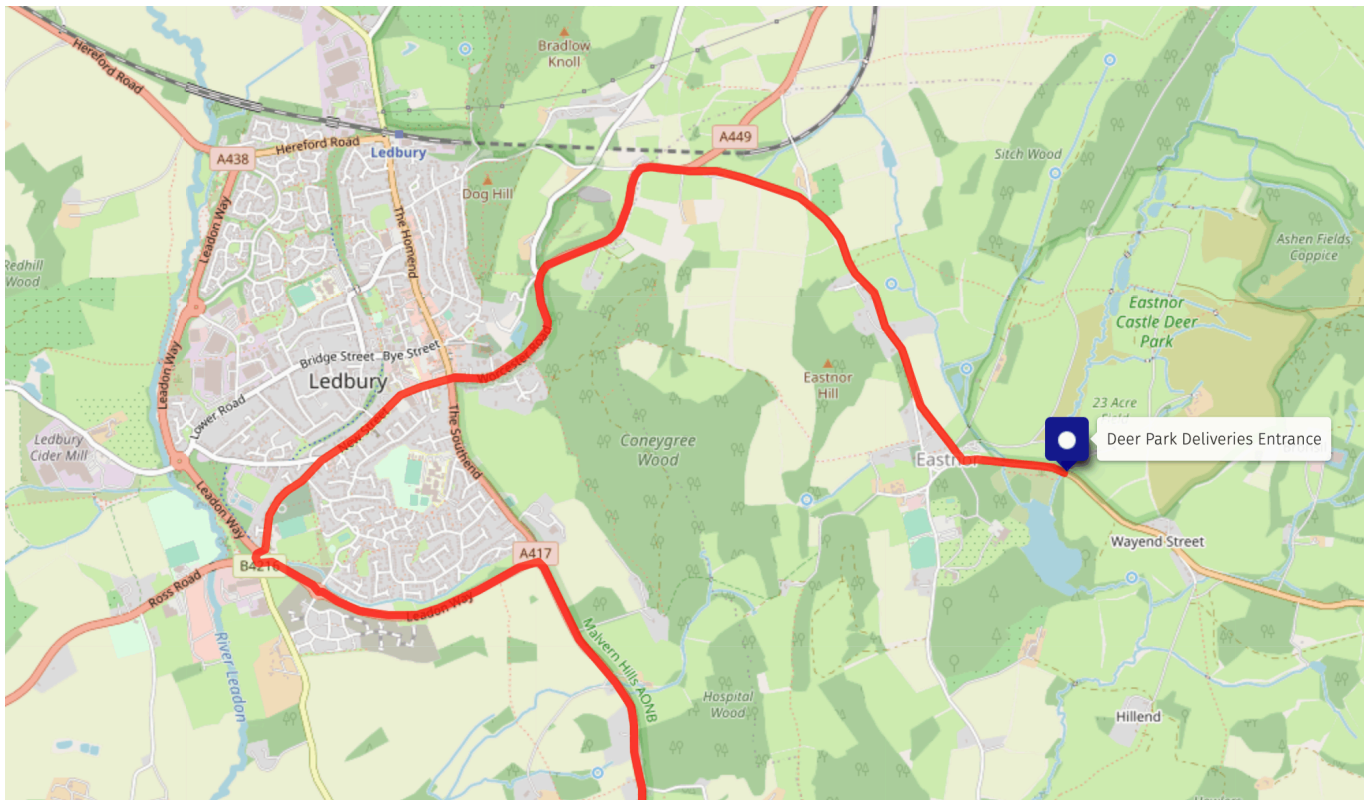

OSGB: SO 738 372

On-site Contact:

07441 101723

or **0333 112 2940**

If approaching via Ledbury on the A417 (Ledbury Road): turn left at the roundabout south of Ledbury (direction Hereford) then follow the brown tourist signs for Eastnor Castle. This is to avoid a difficult right-hand turn that is not possible in an HGV.

The deliveries entrance to EMF is off the A438 in Eastnor, on the left a short distance after the entrance to Eastnor Castle when approaching from Ledbury.

Please let us know if you're running more than 30 minutes late.

We are happy for drivers to stay overnight on the site during build-up and teardown.

Dates

Buildup: July 8-15
Event: July 16-20
Teardown: July 21-23

Site Rules & Information

Please ensure that all your staff are aware of these rules.

- Please report to reception on first arrival
- Site speed limits:
 - **15 mph** during build-up and teardown
 - **5 mph** during event days
 - **5 mph** on temporary trackway at all times
- **Do not use hazard lights** – use indicators as normal
- High-vis should be worn during build-up and teardown
- Buried services are present in some areas of the site, and are shown on the attached plan. Do not dig or place tent spikes deeper than 300 mm without authorisation from EMF - **if in doubt, ask**
- Do not enter areas where temporary structures are under construction without permission from the contractor
- On July 15, the site will be very busy, and you should take extra care with plant movements
- First aid is available in the HQ cabin marked on the attached plan
- In case of emergency, please evacuate to a safe area within the site
- Water points are available throughout the Deer Park, and near the HQ cabin. All water points with taps will provide drinking water.

Contact

If you are on site, please drop by the HQ cabin.
